6 A 7.2 magnitude earthquake hits Kobe, a densely populated city in Japan. The human toll is enormous, over 5,000 killed and 26,000 injured.

7 "Life is like a box of chocolates" becomes the most quoted line of the hugely successful film *Forrest Gump*. Tom Hanks plays the title role.

8 World Cup Soccer is hosted by the U.S. for the first time. The U.S. upsets Colombia and loses to Brazil. Brazil beats Italy in the final game.

9 O.J. Simpson is charged with the savage killing of his ex-wife Nicole Brown Simpson and her friend Ronald Goldman. The case creates a media frenzy.

10 Richard Nixon, the 37th U.S. President, dies. Remembered for Watergate and restoring diplomatic ties with China, his term ended under the threat of impeachment.

ALMA MATER

*Oh, Alma Mater, we love you
Oh, blessed Mount and sing your
praises never ceasing
For on your heights above the
ocean's billows
Stands Mount St. Mary's calling;
We greet you, oh beloved Mount,
So near the stars above the city
In vistas ever new from cloud
flecked sky
You bid us welcome home,
welcome home.
Your chapel, your cloisters wide
Where we have walked in wisdom's path.
Your truth we'll cherish all our days
Oh, Alma Mater.*

The Alcohol Substance Abuse Prevention (ASAP) committee, in collaboration with Residence Life, organized "Alcohol Awareness Week" from November 14th to 17th. The week began on Monday with the "Day of the Dead." ASAP and ASB members dressed in black attire and wore tags that indicate that they "died" in an alcohol-related accident. On Tuesday, representatives from Alcoholics Anonymous and MSMC students shared their personal experiences and stories about the negative effects of alcohol use on an "Awareness Panel." Music and Mock Tails" was the emphasis on Wednesday. Non-alcoholic Strawberry Margaritas and Blue Hawaiians were served. A band played during the event to entertain the crowd of more than 100 people. Finally, ASAP week culminated with an "Information Fair" on Thursday. Representatives from Alcoholics Anonymous and ASAP were present to provide literature and information concerning the use and abuse of alcohol to the Mount community. Andrea Graybehl, ASAP Chairperson commented that "Students and participants were very supportive of the group's mission of promoting wellness and accountability for one's actions."

INTERNATIONAL FAIR

For the fifth year in a row, the Introduction to College Studies courses, along with A.S.B. and the Hewlett Foundation, sponsored the International Fair in November. The countries represented were Ethiopia, Brazil, Philippines, Mexico, England and Lebanon. In addition to the food prepared by the freshmen, entertainment was provided by other MSMC students. Traditional costumes and educational information about each country were also part of the fair.

On February seventeenth at ten-thirty p.m. Ana Verdin was crowned queen of the Masquerade Ball. The ceremony was preceded by the crowning of the court. The members of the court were Cecibal Beltran, Nubia Cipress, Giovanna Brasfield, and Sueanne San. It was a night filled with laughter and surprises. The annual winter formal ball was sponsored by A.S.B. The night got off to a slow start, but when the D.J. started spinning the music the crowd got into a tootsie rolling attitude. All in all the night proved to be a great success.

Preparing For The "Big One"

In early Spring, the third annual Earthquake Readiness Week was held on the Chalon campus. MSMC has developed a comprehensive plan designed to assist the Mount community in surviving a major earthquake. The Earthquake Information Handbook, a valuable resource guide, was distributed to students, faculty and staff. Safety films, information tables and an earth-

quake fair comprised the activities during the week. In addition, the American Red Cross conducted a session on psychological effects of earthquakes. According to Dr. Jane Lingua, Dean for Student Affairs, "Our first concern is the safety of every single student on campus. We developed a plan to assure safety for everyone to put us in a better position in surviving an earthquake."

LIBRARY RENOVATION

Renovation of The Charles Willard Coe Memorial Library began in August, 1994. During the 1994-1995 school year the library was temporarily relocated to the Campus Center.

The rebuilt library will include a periodical browsing room, small group study rooms as well as a quiet study room with a view. The library will feature an automated information network that will unite the Chalon and Doheny libraries and eventually interface with a college wide information network.

The newly renovated Coe Library promises to provide MSMC students, faculty and staff with modern and up-to-date technology.

Physical Enrichment

Alicia K. Rabena

My experience at the Mount has been a wonderful one. I transferred to Mount St. Mary's College as junior in the fall of 1993 with the hope that I would be accepted into the masters program in Physical Therapy. I have found the faculty and staff to be very supportive of my success in college. I especially would like to thank Pat Kessler, the re-entry coordinator for being there for me from the first time I set foot on campus until graduation.

In my years at the Mount, I was able to maintain a balance between academics and extracurricular activities. I am the Senior Senator for the Associated Student Body. In this position, I interacted with many people, promoted activities, and sharpened my leadership and communication skills.

To my parents, boyfriend Alan, best friend Deanna, and close friends back home: Thank you for your continued support from miles away. I also want to thank my fellow biology students and everyone who helped fill my college experience with fun, laughter, and friendship. I shall miss you all.

"This is our time to reflect on where we've been, look forward to the future, and most importantly, enjoy the moment at hand."

Senior Nursing Class 1994-1995

OB NURSING Students pose with Patricia Melnick (Instructor) during their maternal-child health nursing experience at Daniel Freeman Memorial Hospital.

When Ted Rowlands initially came to Guam to recruit at my high school during my junior year, the idea of going to an all women's college made me laugh. When he came back in my senior year I asked myself: "Am I going to college to hang out or get educated?" Now you see the results of that decision.

My advice to the underclassmen is to enjoy the college experience while it lasts because it goes by so quickly. My dad gave me the same advice and he was not kidding! Luckily, I involved myself in enough campus activities to last me a lifetime. Some of the leadership positions I have held included Chairperson of the International Relations and Organizations Club (IROC), Head Delegate for Model United Nations, President of the Residence Hall Association (RHA), Historian for African American Council of Women (AACW), and Public Relations Officer of the Pre-Law Union of Students (PLUS).

I would like to thank all those who stood by me and bent over backwards to help me out through the hard times. You know who you are and you will never be forgotten. I would like to also thank my parents for giving me the opportunity to be here. Lastly, I thank God, because I honestly believe that without God, I would not have made it through these last four years.

My plans after college, other than making loan payments until my death, is to attend diplomat school. Cross your fingers!

On A Road Few Traveled Ferdinand B. Chong

I transferred to the Mount in the spring semester of my freshmen year, after I found that I was merely a social security number at California State University, Long Beach. My goals parallel those of most of women who attend this college; to evolve into the person best that I can be, unhindered by societal pressures or values.

As a gender minority student attending MSMC, enrolled in the nursing program, I found that I had to assert myself in order to have my voice heard. The Mount has been my home for the past three and a half year, and I found a lot of people who supported my convictions. With perseverance, I was able to take on leadership positions such as President of Alpha Tau Delta (National Fraternity for Professional Nurses), Vice-President of the Associated Student Body, and a member of numerous other organizations at the Chalon campus. I am also proud to be the recipient of the Distinguished Transfer Student Award and the Nursing Department's Spirit of Nursing Award.

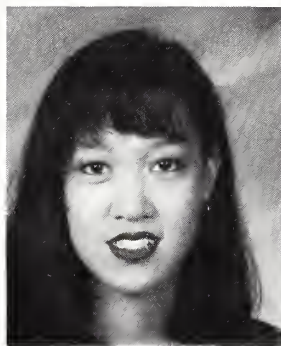

I acknowledge that societal boundaries have been made for women in the male-dominant work force outside MSMC. That is why I heavily support the College in its mission to educate women and mold them into strong leaders. My desired contribution to nursing is to help work toward its improved professionalization. I plan to function at my optimal ability as a critical care nurse.

I thank God for His enormous gifts to me. Similarly, I send my thanks to my friends and family, especially to my mother who supported all my five other siblings through private colleges. I have never expressed or said these words to her before; but here it is: "I love you, mom."

Religious Experience

Martha Verduzco

I believe that college is an opportunity to truly experience a variety of activities that enhance your cultural awareness. Also, take advantage of all the different clubs and become an active member of the Mount community.

I will miss the beautiful and peaceful atmosphere of the Chalon Campus. I will also miss the different Campus Ministry activities, the feeling of togetherness, all my friends, Gail, and all of those who in some way touched my life.

I am proud to be the recipient of the Distinguished Community Service Award, the President's Award, and was honored by the education department for "Recognition of Potential Contribution to the Teaching Profession". I was also very active in Campus Ministry.

I would like to thank God for all His blessings and guidance. To my family and Juan Carlos: Thank you for your love, support, motivation and patience. To Gloria: You are truly my best friend and an inspiration. Thanks for all the little things you have done. I will never forget: the study groups, going home on weekends, our late talks, our roommate experience, and being involved with Campus Ministry. Thank you also: Diane, Dawn, Lizette, Laura, Vivi, Carmen, Vianca, Linda, and my heart.

I would also like to thank my college professors: Debbie Guinta, Sr. Kieran, Sr. Evelyn, Sr. Teresita, and Dr. Oard for having challenged me and believing in my potential. Thank you Student Affairs staff for your continual support and friendly smiles. Last, thank you food servers for your hard work.

My future plans include working full time as an elementary school teacher and getting married.

MADE FOR SHOW BUSINESS Dian Van Houten has been producer of Spring Sing for two consecutive years.

With Sincere Gratitude

Mary K. Jefferson

Judy Narcisse, a current faculty member at Doheny, visited my high school during my senior year. She was instrumental in my applying to the Mount.

I am the first in my family to graduate from the college. My success can be attributed to the support of family and friends. By participating in activities at MSMC, I became enriched academically, culturally, and socially. Currently, I am the President of African American Council of Women (AACW).

My advice for future MSMC graduates is to seize all the opportunities that they can. Take advantage of all the Mount has to offer, get involved in campus activities and make yourself known to the Mount community. They can make your college experience brighter. I will definitely miss friends, and the extended family I have developed at the Mount.

I am thankful to God first of all, for blessing me with this opportunity. I am also thankful and grateful to my parents who have loved and supported me, and did what they could for me to remain in school. To my family and friends, I thank you for your love and support.

I would like to say "Thank You" to Mari Wadsworth, Sr. Adele, Monica Lond, Sr. Colleen, Tracy Poon, Dr. Lingua, Dr. Stevens, Agnes Zelus, Pam Haldeman, Sande Bunce, Dr. Shook, and many others. A special thank you goes to Maria Lyons, Pamela Goodacre, and Felicia Jones; these three women will never know how much they have impacted my life. When no one else had faith, you did; for that I will forever be grateful.

After graduation, I plan on finishing my term with AmeriCorps--Building Up Los Angeles. I then plan on working for the County of Los Angeles or a home health agency while taking classes at a state university to prepare for graduate school.

Cherished Support

Heather Alissa Kuhn

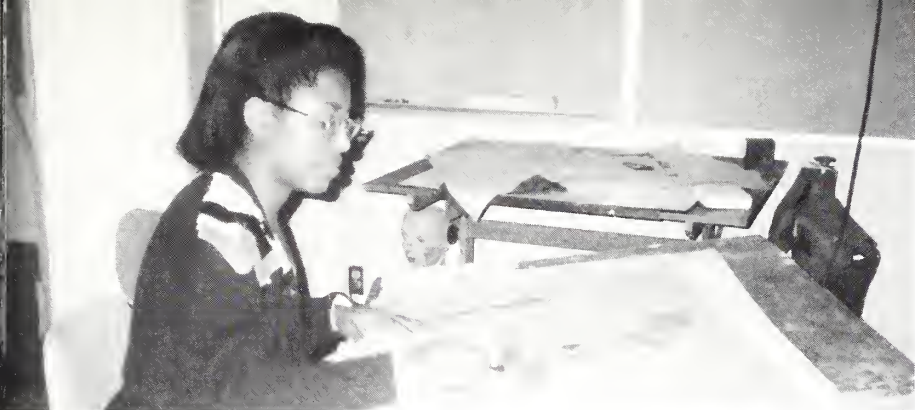

I originally wanted to teach and applied for the Future Teacher's Scholarship. I got that plus the President's Scholarship, so I decided to come to MSMC.

My advice to the underclassmen is to do not forget about your wonderful support system here! Many don't realize just how close our Mount community is. The Mount has a lot to offer if you know where to find it. The close community of MSMC is one that I would miss the most. The place is special to me in that everyone knows each other. The support system is awesome and I will miss it!

I want to thank all of the wonderful people I have met here, I will never forget you. Special thanks to Laura for being my best friend, my guidance and role model throughout my years here. To Alex and the RAs: I feel very lucky that I had the chance to work with all of you and to get to know you all. Good luck to all of you in your future endeavors. To my mom: Thank you so much for letting me go and allowing me to be a person I needed to be. I know times were rough on you sometimes and I am eternally grateful for your support. To Michael: Thank you for your love, support and sense of humor. I'm looking forward to spending a lifetime by your side. To every one else who has impacted my life: I send my heartfelt thank you.

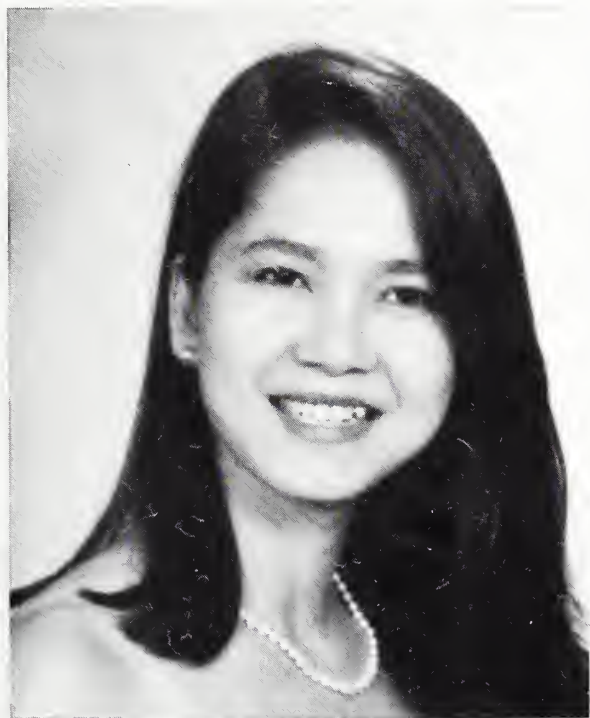

My future plans include getting married and moving to San Diego with my husband where I will get a job while he continues his education.

Perseverance Nina Castillo Trinidad

I found out about MSMC from a close friend who is a Mount alumnae. She highly recommended the school for its focus on educating women and its quality of education; that is why I decided to attend MSMC.

As a married re-entry student and a commuter, I did not know what to expect from a small, liberal arts college such as MSMC. But I was welcomed with warmth and provided with opportunities for improving myself. What I have learned most from college is perseverance, which I am certain is one virtue that I can take with me in my continued track through life. Thanks to the pioneers of MSMC who created a school dedicated to educating women to become strong, well-rounded individuals. Upon graduating from the Mount, I am confident that I am not only equipped with skills that I can use but I have also acquired a better understanding of myself and other people.

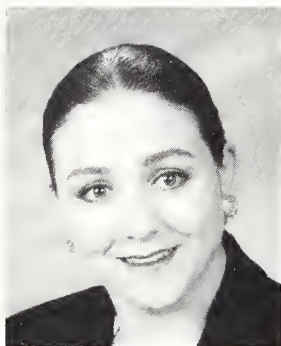

I advise future MSMC graduates to do their best in every class that they take and try to enjoy it. College itself is a life experience.

I will miss the friendly interactions among the students, teachers and staff. I will miss incredible teachers such as Dr. Darryl Stevens with his stimulating way of teaching, and Dr. Brenda Shook, with her combination of teaching difficult subjects with a sense of humor, and her way of making each one of her students feel important. And lastly, I will miss all the special people that I have met on this campus.

I would like to express my appreciation to Mrs. Mary Sloper, for her advice and support in my nursing curriculum; and Stephanie Hamington for providing me with additional academic advice. Most importantly, I would like to offer my diploma to my parents for waiting so patiently with loving support for this moment and to my wonderful husband for believing in me throughout these years.

Leaving The Nest

Norma Patricia Salazar

I was looking for a small school that offered the individualized attention I wanted from my professors. Mount St. Mary's College was one school that offered such attention to students.

My advice to current MSMC students is no matter how difficult college life may get at times, keep reaching for the stars. At the end, all the hard work will pay off. Just wait!

What I will miss the most is the whole college experience: all my residents on Brady 2nd floor, and most of my friends whom I treasure in my heart. My college experience at the Mount has been filled with memorable moments. I would like to thank Alex Sosa, Director of Residence Life, for offering me the RA position. Being an RA was a growth experience and provided me with the opportunity to learn more about myself. I thank my residents for filling my last two years with fun and glorious moments. To the RAs, I really enjoyed working with all of you. If I could, I would do it all over again!

Last, but not least, there are my college buddies, Viana and Sarah. Thank you both for comforting me when I most needed someone. Judy, thanks for teaching me the importance of being a happy person. I will also remember that 5 mile walk of ours that lifted my spirits when I was feeling gloomy. Monica, Daniel, and Irma, thank you for making my last year as an RA such a great success. I wish you all the best of luck in the future, and I will keep you close to my heart always.

After graduation, I plan to get my masters in Psychology, most likely in Marriage, Family, and Child Counseling. Good luck to the graduating class of '95.

Psyched Out

Cristy Creamer

I decided to attend Mount St. Mary's College because it was highly recommended by my father's co-worker's daughter. She was an alumnae and loved her experiences here. In addition, Lissa Staples, my admissions counselor, advised me to apply for a President's Scholarship. I did and was fortunate to receive this scholarship during my entire four years at the Mount.

My advice to the future MSMC graduates is to take advantage of extracurricular activities and events, because much of the learning experiences come from life experiences, not just from books. I encourage them to strive to be the best that they can be in every way, but to love their own self no matter how far from perfection they may fall.

I will miss the sense of security I feel in knowing so many people here. I'll miss the many opportunities I had to get involved at MSMC. I was involved in the total college community as an active member in Campus Ministry and ASB. This year I held the office of President of Psi Chi (National Honor Society in Psychology). I was honored to receive the Sister Dolorosa Alumnae Award and President's Award at Mary's Day in recognition of my participation in the Mount activities.

Thank you to God and my parents, without whom I would never have been able to make it. Thanks also to all my old friends for their love and support. Thank you to my friends in: Campus Ministry, Financial Aid, and Psi Chi/Psychology Department; I will miss you all. To my friends; Danielle, Denise, Lynne, and Kristien, I wish you all the best and plenty of peace, love, and happiness to sustain you in your lives.

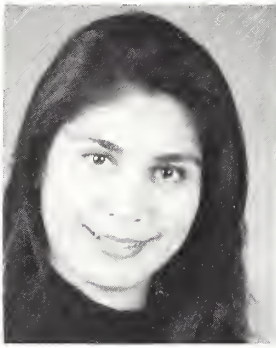

Thank you, MSMC, for all my growth experiences. The time I have spent here will serve as a foundation for my future. I am off to tackle a masters program in Social Work at USC.

Sisterhood

Karen Maxine Jimmons

Four of my sisters attended the Mount on both campuses and I received a scholarship from Southern California Edison. I toured the Doheny campus, I knew it was the place for me. I enjoyed the peace, the solitude, the chance to develop at your own pace, and the smallness of the campus.

I would advise MSMC students not to procrastinate too often, but don't be in too much of a rush to graduate. Meaning take your time (not too much time) and enjoy your college years as an undergraduate, it is not something you can afford to do over and over again.

I owe my education to all those who gave me that extra push to get me this far. To my parents, I love you. To my family, it was an experience I needed and greatly appreciated. Thank you for the dedication, patience and everything else you have given me. To Candace, Sonya, Joyce, and Julia--my sisters who preceded me here: I may be the last of the Jimmons girls to attend the Mount; thank you for paving the road and leaving a legacy I have always treasured. To my best friend Mary Jefferson: Thank you for dealing with me for all my college years and remaining my friend. I would like to say those new friends I made last year at the Mount, keep moving forward. To my mentors at the Mount: Maria Lyons, Pam Goodacre, Felicia Jones, Mari Wadsworth and Tracy Poon--I can only say thank you to express the gratitude I feel. I want to say thank you to the members, past, present and future of AACW for teaching me the two sides of leadership. A special word of thanks to Monica Lond--your patience and assistance was greatly appreciated.

After graduation I will continue to work for Building Up Los Angeles until October, 1995. I plan to begin graduate school in 1996. I am applying to George Warren Brown School of Social Work at Washington's University in St. Louis and USC, School of Social Work.

MARY'S DAY 1995

Mary's Day is a celebration in which the College Community honors Mary, the Mother of Jesus. From its inception over 50 years ago, the day has included a procession to the statue of Mary enshrined on campus, and the crowning of this statue with a wreath of flowers.

We celebrate Mary as a courageous woman who brought new life to the world by her openness to the Spirit and her willingness to walk a new and risky path. Throughout the years, it has been the tradition of Mount St. Mary's College to honor Mary by recognizing students who have developed their gifts so as to share them in service with the world in which we live.

Today, we continue this tradition. Mary's Day is a time when families and friends join faculty and administrators in honoring Mary by celebrating the achievement of the students of Mount St. Mary's College.

Take care of yourself, Jen! Love always and forever--Angel Baby.

Make new friends but keep the old; those are silver, these are gold.

To Jennifer "June" Huhn

Enduring sorrow throughout my college years was a challenge and difficult, but your comfort, smiles, flowers and cheers made it easier. And even after, your love and comfort didn't fade away. For your unconditional understanding and friendship, I thank you.

****Elisa "Anais Min" Martinez**

Congratulations

Congratulations to the Graduating Class of 1995! We wish all of you the best of luck!

-Sincerely,
The Associated Student Body
at the Doheny campus

God Bless

The Sisters of Holy Family Community welcome this opportunity to express their sincere appreciation to the wonderful Mount St. Mary's students who have shared their time so generously with us this year. The hours you have spent with us at Carondelet Center have graced our lives and the memory of your many kindnesses will remain to warm our hearts.

CONGRATULATIONS-MAY GOD BLESS EACH OF
YOU IN A VERY SPECIAL WAY!

Thank You

To the 1994-95 Athenian Yearbook Staff--
Thanks for all your hard work and dedication--
Monica Lond, Yearbook Advisor and
Laura Lopez, Editor.

1 Baseball fans express outrage as players and owners argue over salary caps. The players strike and no World Series is played for first time in 90 years.

2 Jacqueline Kennedy Onassis dies and is buried next to her husband, President John Fitzgerald Kennedy, in Arlington National Cemetery.

3 Tipper Gore, wife of U.S. Vice President Al Gore, visits refugee camps in Zaire where thousands die from cholera after fleeing Rwandan conflict.

4 Drought, lightning and 50 mph winds create wildfires that claim the lives of 14 firefighters in Colorado. Thousands of acres are lost to the firestorm.

5 Boyz II Men, the kings of Motown, repeat their earlier success with *II*, a huge second album that shoots straight to the top of the R&B charts.

6 Michael Jackson weds Lisa Marie Presley in the most unexpected show-business marriage of the year. The union creates a Jackson-Presley dynasty.

7 TV's "Frasier" wins this year's Emmy for the best comedy series. Kelsey Grammer plays a radio psychiatrist with his very own dysfunctional family.

8 Israeli Prime Minister Yitzhak Rabin and King Hussein of Jordan shake hands after pledging a policy of non-aggression between their countries.

9 Disney's *The Lion King* becomes a smash-hit at the box office. The story of Simba, a lion cub born to royalty, captures imaginations the world over.

10 Tropical storm Alberto causes the Flint River to overflow, washing coffins out of a Georgia cemetery and flooding the Florida-Alabama panhandle. The final tally: 32 dead and 40,000 homeless.
